Prescription Refill Policy

There are occasions where controlled substances are warranted; however, it is the policy of this office to prescribe them in limited quantities on an as-needed basis based on the clinical judgment of the physician. If you have a condition that you feel requires either large quantities of such medications or long term use of such medications, we will be happy to refer you to an appropriate pain management specialist.

For all prescriptions, narcotic and non-narcotic:

**Please note that prescriptions are only refilled during office hours, Mon-Fri 9 AM – 5 PM.
No refills are issued on weekends.**

I understand and agree to the prescription refill policy.
